## **Orleans Central Supervisory Union**

Below are the results from the Ready Kindergartner Questionnaire your district completed last fall. Six kindergarten teacher in your supervisory union completed this questionnaire for 78 kindergartners in the beginning of the 2008-2009 school year. The first chart below illustrates the percentage of kindergartners who were rated as "Practicing" or "Performing Independently" on all the items within each domain. The items listed for each domain represent tasks and/or skills a kindergartner might demonstrate upon his/her entry into kindergarten. The second chart shows the percent of students who achieved this standard in four, three, two, one, or no domains. Note: Results for the Health & Well-Being domain are not reported, due to a high proportion of incomplete responses.

Please note that there were several important changes in the survey instrument as of the '04-'05 year. These included the addition of a "don't know" response option, and a revised set of items in the Cognitive Development & General Knowledge domain. Thus, you should use caution when comparing these results to those of prior years. These results are <u>not</u> meant to identify students who are "not" ready for school, but rather are offered as information about the broad skills children in your supervisory union demonstrate upon entry into kindergarten. For your further information, your supervisory union's results are compared to the state aggregate results.

To offer you more specific information, the percentage of students who were rated as "Practicing" or "Performing Independently" is listed for each item within each domain in Table 1. The numbers in bold are the percentages that are represented in the figure above (note these are NOT averages of the individual item percentages, but the proportion of children who met the standard on *all* items within the domain). It will be important to discuss these results with your kindergarten teachers, with parents, and with child care providers in your community in order to fully interpret their meaning. Some questions to guide your discussions might be:

- 1. Are our kindergarteners demonstrating the skills that we are hoping they would have upon entry into school?
- 2. Are there areas where we should focus our efforts to better prepare out future kindergartners for school?
- 3. How can we as a community ensure that more of our young children are "ready" for school?

Table 1: The percentage of students in the supervisory union and the state who were rated as "Practicing" or "Performing Independently" the item or skill.

Questionnaire Item	Orleans Central	State-Wide
Social and Emotional Total: "practicing" or "performing		
independently" on ALL items	41.0	66.9
Can meet/play with different children	70.5	87.4
Uses-problem solving skills in social situations	48.7	71.9
Separates easily from caregiver	91.0	91.9
Appropriately expresses emotions	70.5	82.2
Adapts to transitions	78.2	88.4
Interacts positively with adults	88.5	91.7
Approaches to Learning Total: "practicing" or "performing independently" on ALL items	39.7	66.2
Follows simple rules	73.1	85.1
Persists with self-directed activity	79.5	87.4
Appears enthusiastic	91.0	90.3
Uses a variety of strategies	44.9	80.5
Pays attention	67.9	79.2
Engages in conversation	91.0	84.8
Knows how and when to use adults	71.8	84.6
Initiates activities in the classroom	79.5	84.4
Is curious	82.1	85.5
Communication Total: "practicing" or "performing independently" on ALL items	75.6	81.3
Communicates needs	88.5	90.8
Understands simple directions	85.9	90.3
Cognitive Development/General Knowledge Total: "practicing" or "performing independently" on ALL items	18.9	61.2
Shows awareness of how books are organized and used	75.6	88.3
Can recall and explain sequences of events	62.7	78.9
Recognizes name in print	92.3	91.3
Engages in imaginative play	89.7	90.7
Shows beginning awareness of letter/sound correspondence	54.5	73.5
Can identify 10 or more letters of the alphabet	48.7	78.0
Uses scribbles, symbols, or letters to write or represent words or ideas	64.4	74.6
Shows ability to count 5 or more objects using one-to-one correspondence	70.5	88.2
Can identify several basic geometric shapes	63.6	88.1
Health & Well-Being Total: meeting standard on ALL items	N/A	N/A
Demonstrates self-help skills	97.3	96.0
Ability to learn rarely appears inhibited by illness	N/A	N/A
Ability to learn rarely appears inhibited by fatigue	N/A	N/A
Ability to learn rarely appears inhibited by hunger	N/A	N/A
